

## Parental Consent for Employees ages 14 – 16

This document is to confirm that we give our child \_\_\_\_\_ permission to work at Mt. La Crosse during the 2022-2023 season.

We understand that in order for our child to be employed at Mt. La Crosse, a work permit must be obtained and submitted to the HR office prior to our child's first day of work. The cost to obtain a permit is \$10 and will be reimbursed to our child on the first paycheck.

We understand that, if hired, our child is expected to know and adhere to the procedures and policies as outlined in the Mt. La Crosse Employee Policy Handbook.

As long as our child is in good academic standing in school we will allow him/her to be scheduled as school and activities allow.
